Graduada em Fonoaudiologia pela
UFMG - Neuropsicopedagoga
Pós Graduada em Neurociências UFMG

Igual e Diferente

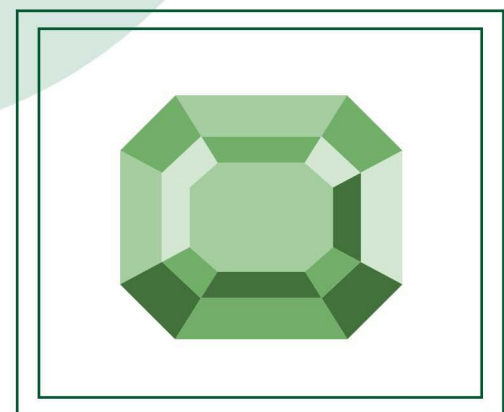

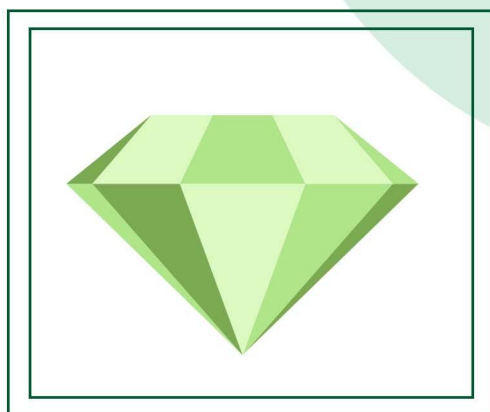

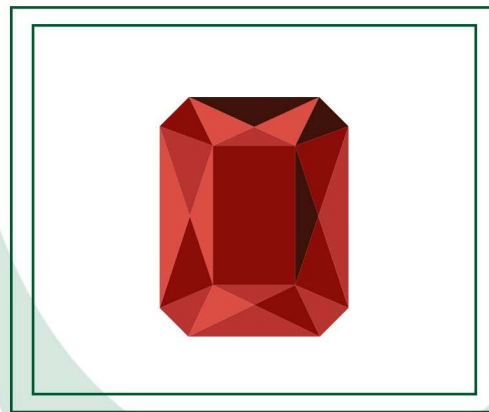

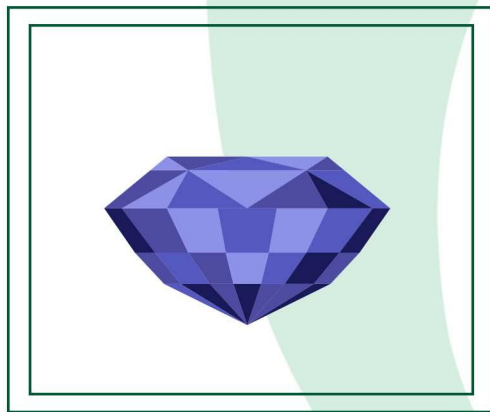

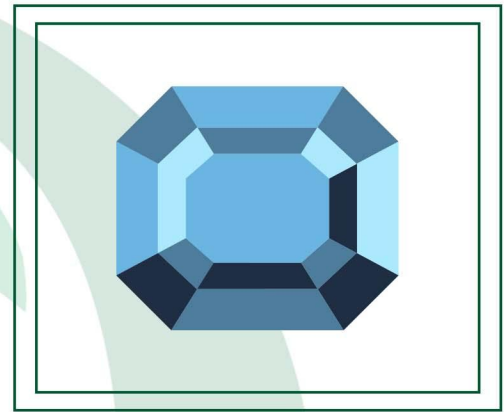

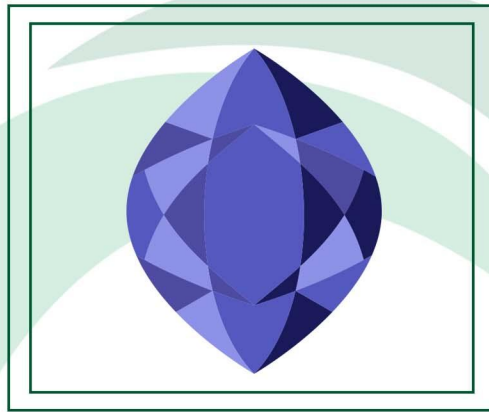

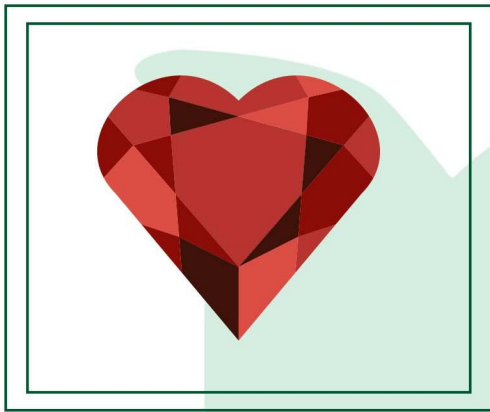

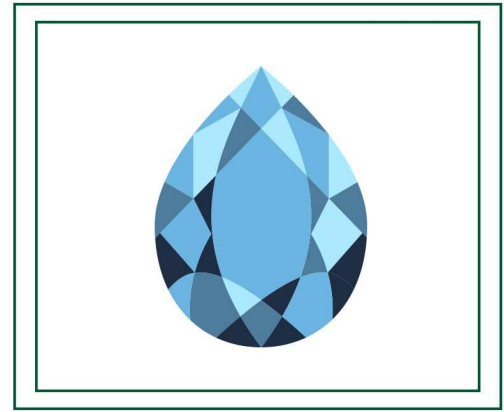

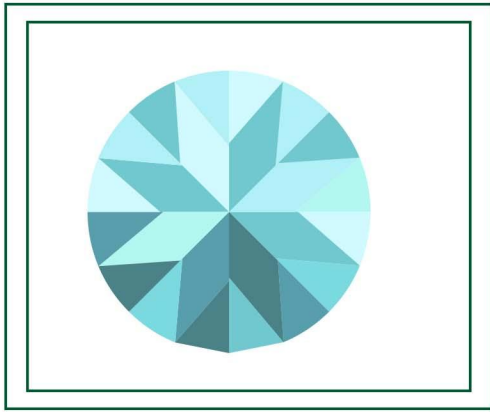

Descrição do jogo:

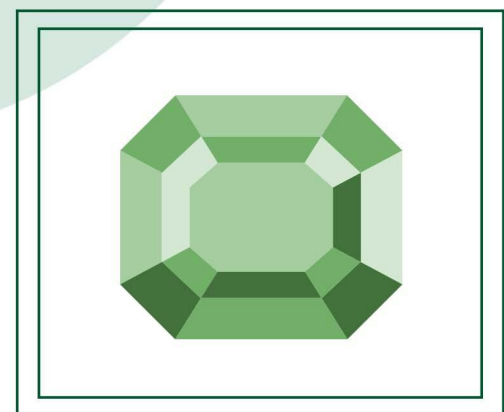

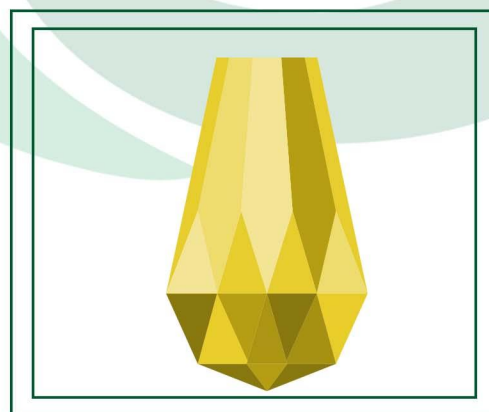

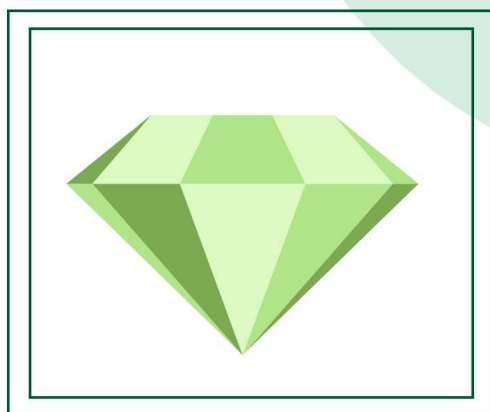

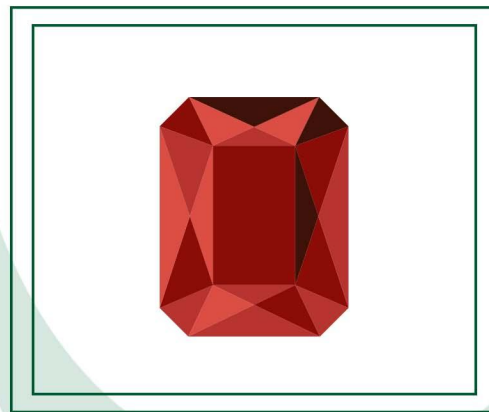

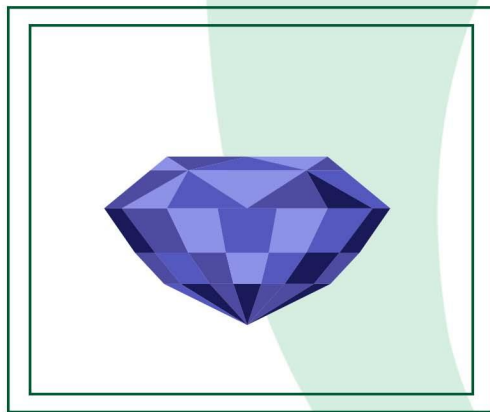

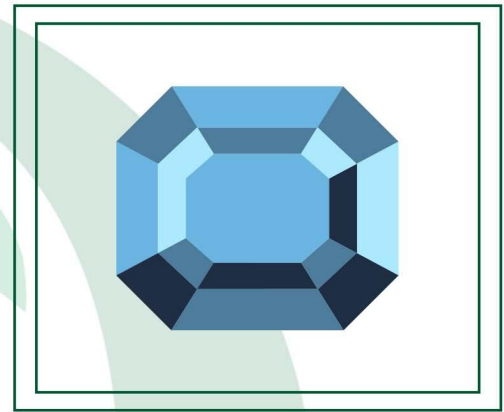

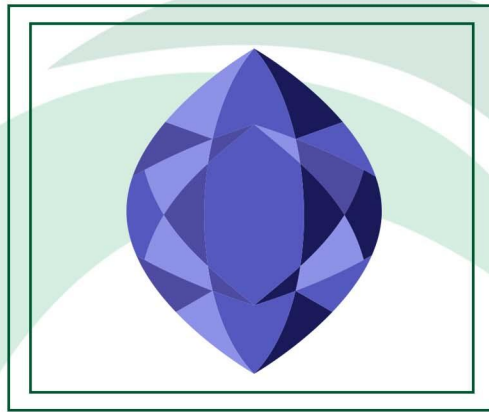

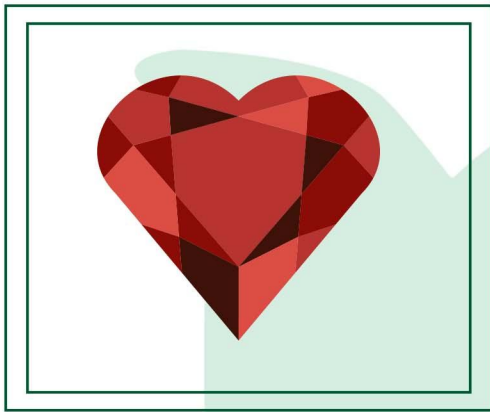

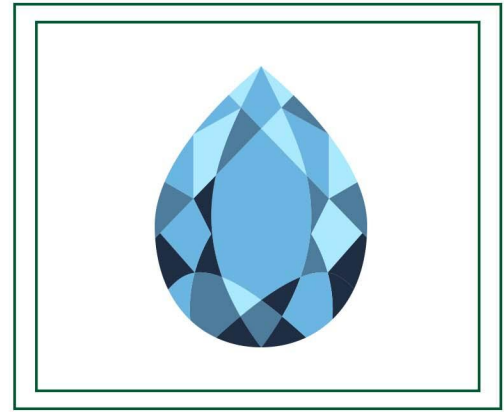

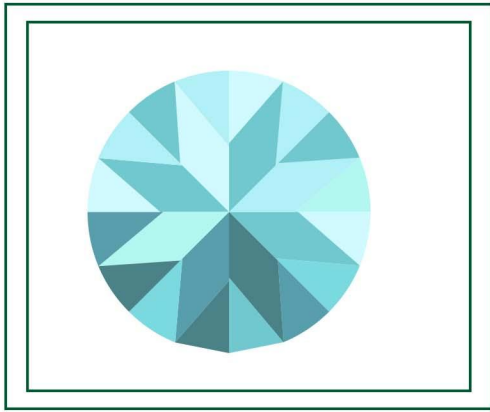

O adulto deve embaralhar as cartas e colocar uma virada para cima. Em seguida ir virando as demais cartas e a criança deve identificar se a carta virada era igual ou diferente a carta que está por baixo. Deve ser feito na maior velocidade possível.

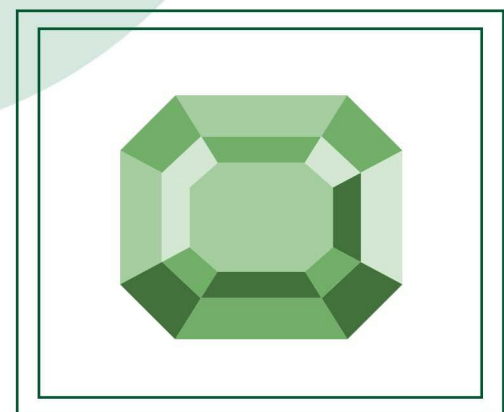

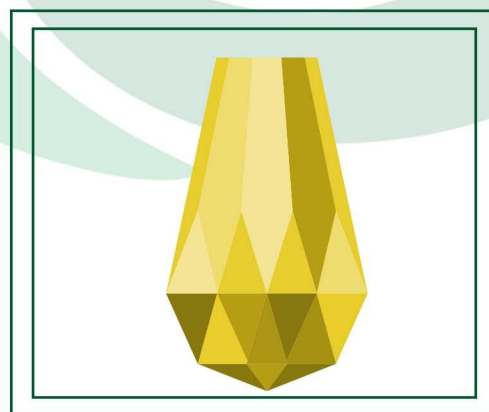

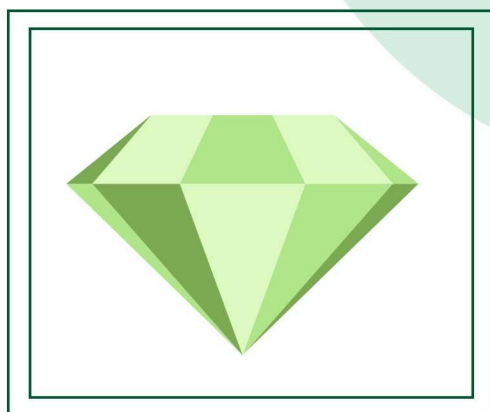

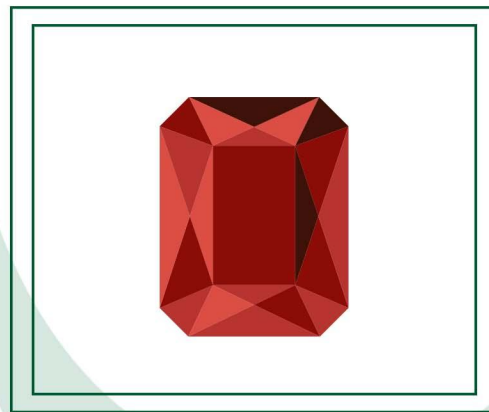

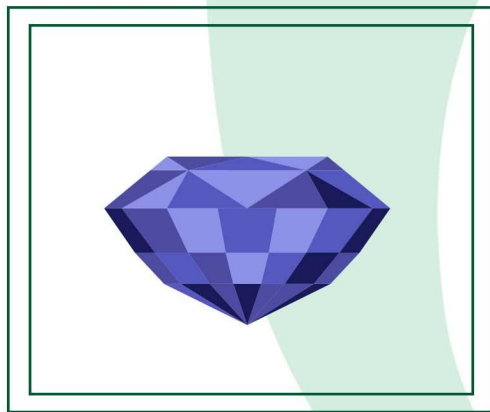

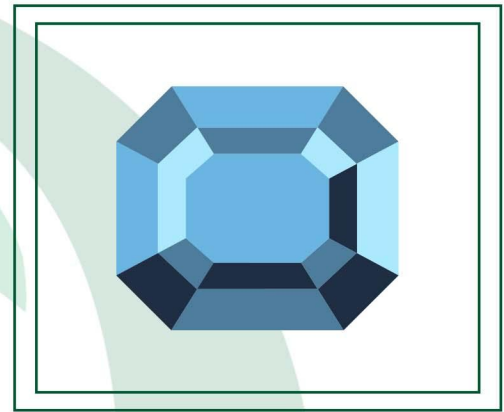

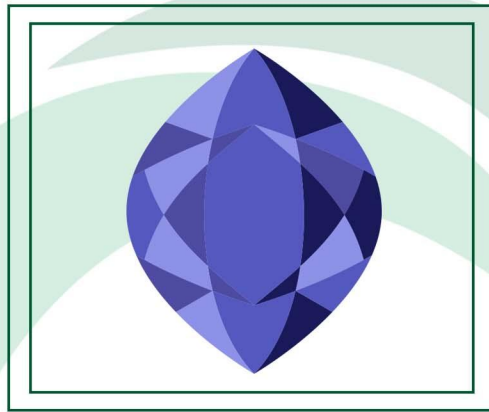

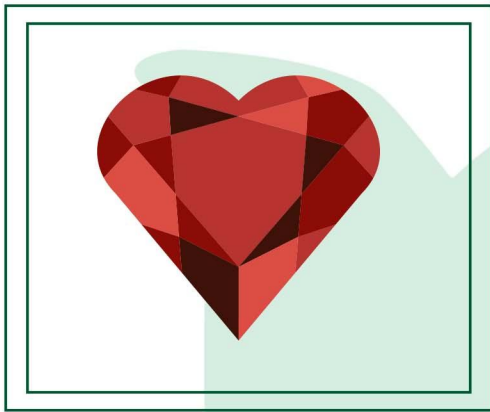

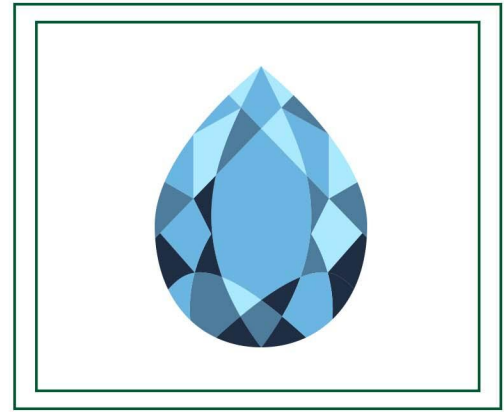

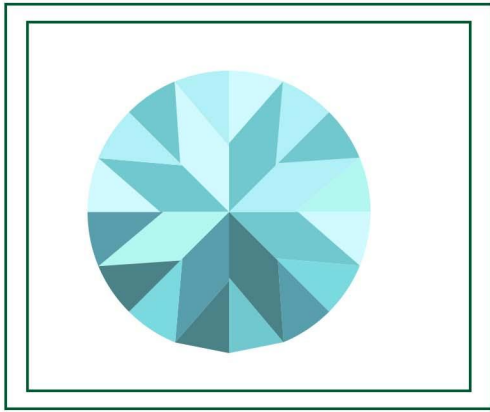

O que trabalhamos com esse jogo:

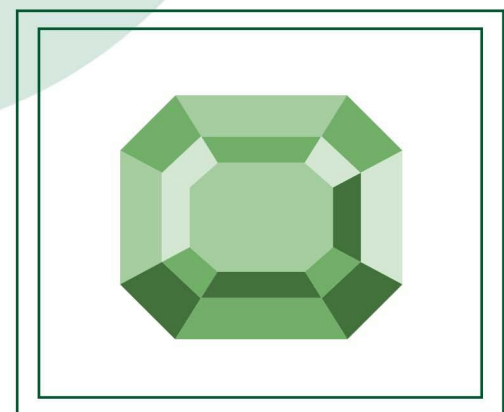

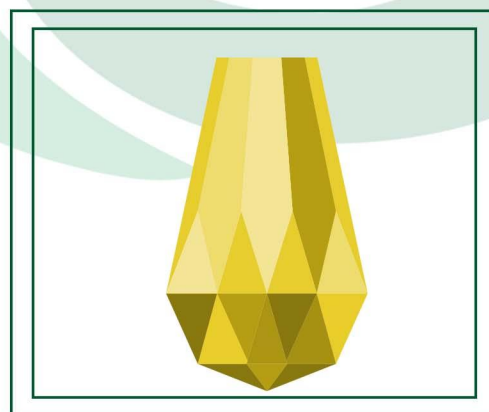

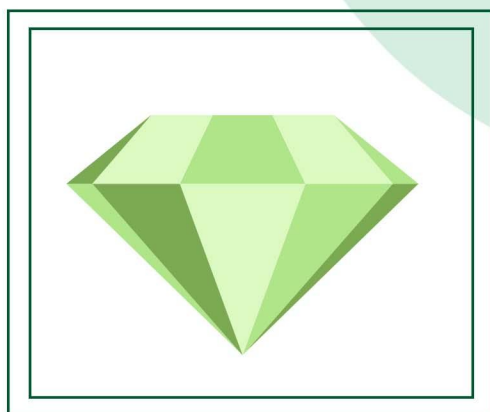

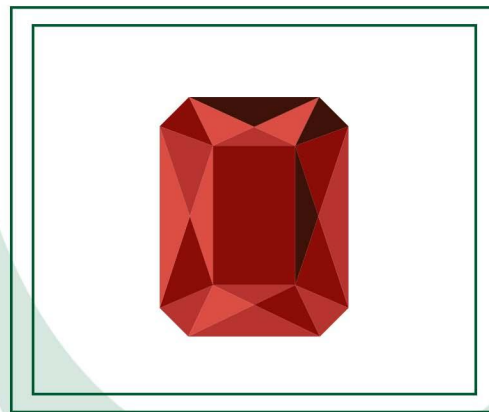

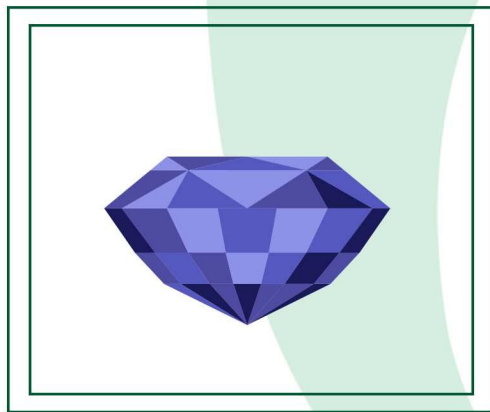

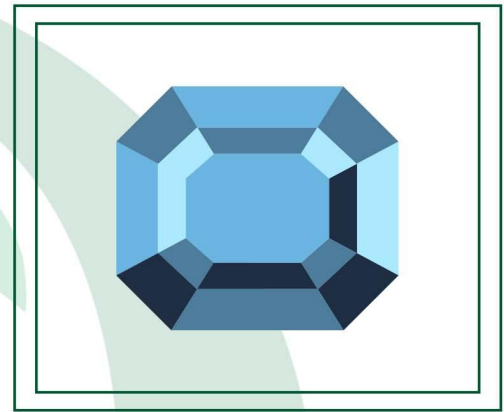

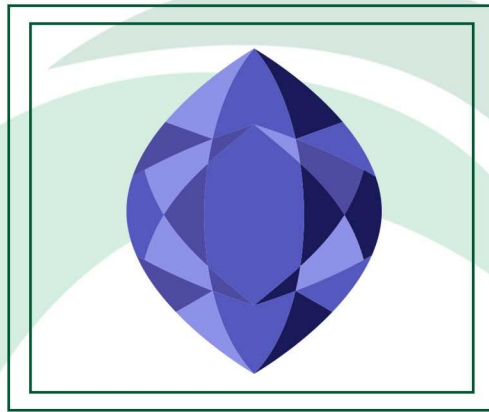

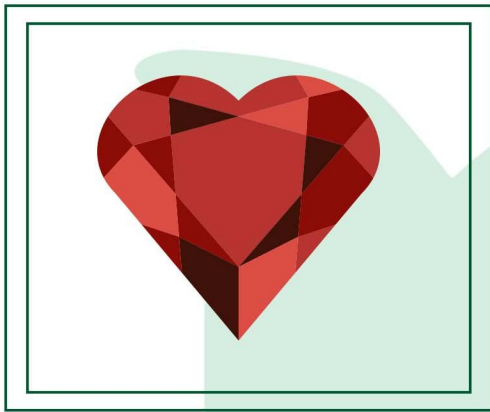

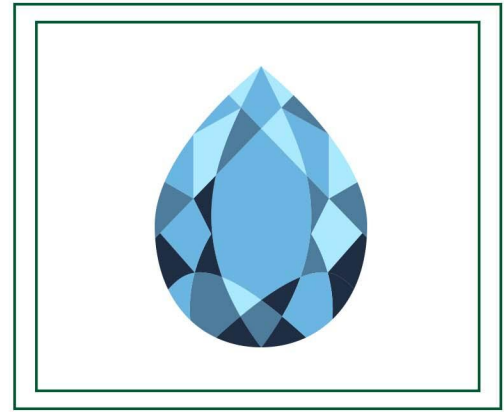

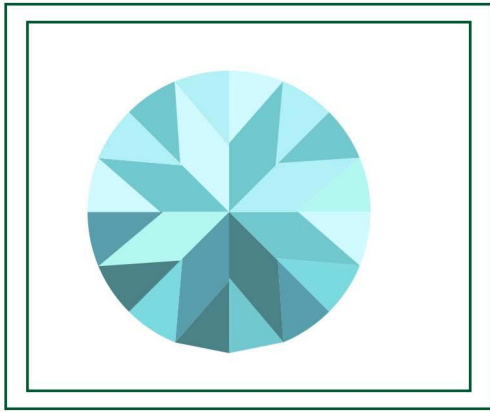

Atenção, memória visual, velocidade de processamento de informação e controle inibitório..

Alguns jogos dessa apostila foram baseados em exemplos tirados da internet ou baseados em atividades pedagógicas tradicionais, e outros foram elaborados dentro da Clínica Rezende Coelho, todos adaptados para atender a demanda clínica.
